

Year 7 Literacy and Numeracy Catch Up Premium Statement 2018-2019

Pupils eligible for this additional funding and support were identified using the question level analysis function (QLA) in the Analyse School Performance (ASP) feature.

The performance of individual pupils in Mathematics, Reading and SPaG was closely examined to determine which pupils would most benefit from additional programmes. The funding was used to pay for:

- intensive small group tuition
- individual 1:1 tuition
- additional, specialist materials
- Summer School that helped targeted pupils with the Primary-Secondary transition

The aim has always been to identify and close the barriers to learning which are restricting the progress made by pupils with low prior attainment in literacy and numeracy.

Year 7 Literacy and Numeracy Catch Up Premium 2018-2019

Total Number of Pupils on roll in Year 7	183
Total Number of Pupils identified for intervention	Reading 18 Maths 24
Total amount of Year 7 Catch Up Grant	£6,234

Summary of Spending in 2018-2019

English/Literacy

£3,134

- Accelerated Reader programme dedicated to improving fluency, accuracy and confidence/enjoyment of reading.
- Development, training and supervision of a Paired Reading scheme involving school librarian, specialist English teacher and Year 10 pupils (reading with targeted Year 7).
- Provision of additional classroom support to assist pupils with their reading, writing and spelling.
- Purchase of specialist resources and age-appropriate reading books. For example, 'Armistice Runner' and 'Summer Reading Challenge'.
- Some one to one tuition with identified Year 7 pupils by TA.
- Additional amount allocated to staffing to enable a very small (12) Year 7 English group to be timetabled.
- Contribution towards relevant resources, activities, salary costs and training associated with reading and writing morning workshops (delivered by specialist English teacher).

Maths

£3,100

- Additional staffing in Year 7 Maths to allow for the creation of a very small (12) teaching group.
- Accelerated Maths programme for all targeted Year 7 pupils below expected standard in Maths.
- Provision and deployment of additional classroom support to assist pupils in Mathematics.
- Contribution towards relevant resources, activities, salary costs and training associated with reading and writing morning workshops (delivered by specialist Maths teacher).

Impact

The school's Review/Tracking system is able to identify which of the pupils, Reading (18)/Maths (24) were 'Above' or 'Below' expected progress in English and Maths.

End of Year Review			
English	(18)	A/O	94%
		B	6%
Maths	(24)	A/O	83%
		B	17%

Year 7 Literacy and Numeracy Catch Up Premium Statement 2019-2020

Pupils eligible for this additional funding and support were identified using the question level analysis function (QLA) in the Analyse School Performance (ASP) feature.

The performance of individual pupils in Mathematics, Reading and SPaG was closely examined to determine which pupils would most benefit from additional programmes. The funding was used to pay for:

- intensive small group tuition
- individual 1:1 tuition
- additional, specialist materials

The aim has always been to identify and close the barriers to learning which are restricting the progress made by pupils with low prior attainment in literacy and numeracy.

Year 7 Literacy and Numeracy Catch Up Premium 2019-2020

Total Number of Pupils on roll in Year 7	181
Total Number of Pupils identified for intervention	Reading 32 Maths 25
Total amount of Year 7 Catch Up Grant	£6,134

Summary of Proposed Expenditure in 2019-2020

English/Literacy

£3,434

- Contribution to the Year 7 Progress Tests.
- Accelerated Reader programme dedicated to improving fluency, accuracy and 'Thinking Reading' confidence/enjoyment of reading.
- Development, training and supervision of a Paired Reading scheme involving school librarian, specialist English teacher and Year 10 pupils (reading with targeted Year 7).
- Provision of additional classroom support to assist pupils with their reading, writing and spelling.
- Purchase of specialist resources and age-appropriate reading books. For example, 'Armistice Runner' and 'Summer Reading Challenge'.
- Some one to one tuition with identified Year 7 pupils by TA.
- Additional amount allocated to staffing to enable a very small (12) Year 7 English group to be timetabled.

Maths

£2,700

- Contribution to the Year 7 Progress Tests.
- Additional staffing in Year 7 Maths to allow for the creation of a very small (12) teaching group.
- Accelerated Maths programme for all targeted Year 7 pupils below expected standard in Maths.
- Provision and deployment of additional classroom support to assist pupils in Mathematics.

Impact

In addition to the school's Review/Tracking system which will identify how many of the pupils, Reading (32)/Maths (25) were 'Above', 'On Track' or 'Below' expected progress in English and Maths, we intend to use the NGRT, PTE and PTM sat in September 2019 and again in June 2020.

We shall identify the number of pupils:

Much lower than EP	Lower than EP	EP	Higher than EP	Much Higher than EP
--------------------	---------------	----	----------------	---------------------
